NOTICE OF ALLOWANCE

1. This office action is in response to the amendment after final filed 15 December 2005, in which claims 36-38 were canceled.

Allowable Subject Matter

2. Claims 18-35 are allowed.
3. The following is an examiner's statement of reasons for allowance: The allowable subject matter of claim 18 is the connection member diagonally extending between an area adjacent of the left-front and left-rear corners and a middle area of the right pipe member, in combination with other features of claim 18. While prior art references teach the use of diagonal members for structural support, none teach the use a diagonal member specifically located in the position set forth in claim 18.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Watson discloses a vehicle frame with diagonal members.
